IN THIS ISSUE

PREVIEWS THEME: MANGA MONTH 2023!

PREVIEWS celebrates "Manga Month" once again in this issue! In our *Manga* section (as well as via select publishers throughout our *Print* section), you'll find the best in new and backlist Manga titles from around the world, including Japan, Korea, China, and even the US. On **Page 194**, we've got a cross-section of great new and backlist Manga titles from which to choose, any one a great introduction to this familiar-yet-unique comics genre! Be sure to look for our *Manga Month* icon throughout this issue for more great offerings!

WINDING DOWN... THANKS, 2023!

As I write this, it's early October. We're experiencing a rare heat wave this week with temps around 80 degrees... which is nice (and record-breaking) for this time of year in Maryland. Halloween is still a few weeks away and this latest issue of PREVIEWS you now hold in your hands was, for a change, an easy beast that listened to instruction and didn't fight us every step of the way. It was a nice change from some of the issues we've had with our issues behind-the-scenes... nothing earth-shattering! No, more of a "when will all of these little problems that keep cropping up stop cropping up?!" Really though, it's just your typical hiccups in the creative process that spring up every month. With a diverse cast of contributors from our Marketing Department (those Elves who build this catalog and its website each month) to the Purchasing Department (the folks who decide what items we'll be carrying and what goes into each issue of **PREVIEWS**), there's bound to be some mistakes, some miscommunications, or some oversights. But thankfully they're usually easy to remedy.

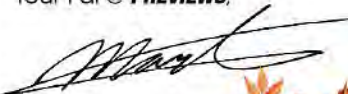

I've found that out working on my own comic book series, *THE GUNHAND*. I handed my artist, the talented Matthew Plog, a script for issue #1 and I had mis-numbered the pages! A few quick

corrections and I had the pages straightened out on the script. Of course, Matt being the true pro that he is, just kept drawing and didn't let the wonky page numbers throw his game off. Because his game is that good. I can't wait for you all to see what we *hath wrought!* If everything goes to plan, you should be able to find the first issue of *THE GUNHAND* in stores at the same time as this catalog hits shops. If not... well, we had some hiccups and had to delay until week one or two in November.

In this month's issue we're once again celebrating Manga Month, highlighting the latest and the greatest releases in Manga, Light Novels and comics from across Asia and even the U.S. I read a few manga series myself, *Ultraman*, *Mobile Suit Gundam*, and my current favorite *Chainsaw Man*... which is just as crazy-fun as it sounds. If an old comics guy like me can find manga titles to appreciate, I guarantee there's something for everyone to enjoy in our huge selection of manga titles each month. And for some reading suggestions, turn to page 190 for our Manga Month: Essential Reading spread, with a nice cross-section of manga and books about the history, styles, and creative minds behind manga!

Finally, since this is November, and Thanksgiving is right around the corner (a few weeks anyway), I just wanted to say how thankful I was for the year that was 2023. So far, it has been a great year, with a promotional appearance at Pensacon in February with my Brilliant Enterprise publishing partner (and "brother from another mother") Scott Braden, fantastic Toy Shows, visiting my family in California for the first time in 4 years(!), returning to Comic Con, concerts attended, old comic books collected, and the anxiety and joy of putting out my first comic book. Thanks for all of that and more. And thanks to you for reading and using **PREVIEWS** each month! Now dive into this issue — and I'll see you here next month for the last issue of 2023!

Your Pal @ **PREVIEWS**.

- **Tarot: Witch of the Black Rose #139 DLX Tarot** (FEB231252)

Please tell us a bit about yourself!

Hello, I'm **Jim Balent**. I'm an Illustrator, Writer and a Creator. I drew *Catwoman* for DC Comics and some *Batman* issues from the years 1993 to 1999. In the Year 2000 I started Broadsword Comics with my Wife Holly Golightly (Herself an Artist/Writer for Archie Comics and her own creations). Together we publish my own creator-owned character, *Tarot: Witch of the Black Rose*, for the past 23 years.

What are your favorite projects you've contributed to over the past decade?

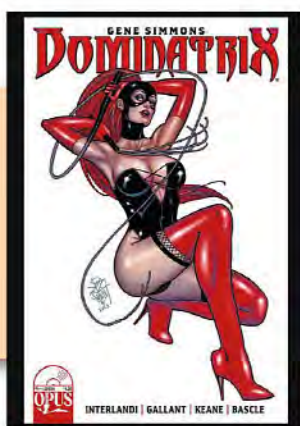

Some of my most favorite projects I have worked on in my career are... Designing the *Catwoman* look for *Catwoman* when I started the series in 1993. Co-creating *Dark Claw* for the DC/Marvel Amalgam books; Illustrating *KISS* comic book covers for my favorite band, and working with Gene Simmons on his *Dominatrix* comic series. And of course, starting Broadsword Comics and drawing and writing *Tarot: Witch of the Black Rose*!

What are you currently working on?

I am currently working on *Tarot* for my company, Broadsword Comics. I'm designing new characters and writing the story where my heroine *Tarot* — a voluptuous red-haired witch and *SwordMaiden* for the Goddess, charged with keeping the balance between Man and Magick — meets up with the mischievous *Krampus*! At the same time, I have a healthy work balance for outside comic and movie company assignments that I can't talk about right now!

What fun titles are you reading?

Well, since my work schedule is so full, I don't have a lot of free time to read as many as I would like. But I would recommend the books my friends are publishing: Brian Pulido's *Lady Death* and Dan Mendoza's *Zombie Tramp*. The three of us sang in the Church Choir together growing up! Both titles, *Lady Death* and *Zombie Tramp*, are created from the heart, and they pour everything they have into their creations. Both are fun and adventurous titles! Pick them up! And... oh yeah, pick up my Broadsword Comics books as well!

USER'S GUIDE

There's a *lot* of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

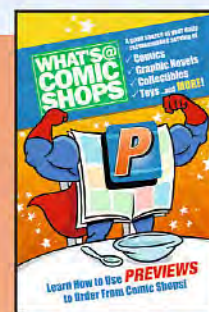

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your

comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

Coming January 2024 is **REBEL MOON: HOUSE OF THE BLOODAXE**, the epic prequel comic to ZACK SNYDER'S Netflix blockbuster, **REBEL MOON: PART ONE – CHILD OF FIRE**. A thrilling story of rebels and righteousness, the series features Cleopatra Coleman's and Ray Fisher's characters, Devra and Darrian Bloodaxe.

We spoke to writer **MAGS VISAGGIO** about her work on the upcoming series.

MAGS VISAGGIO *REBEL MOON: HOUSE OF THE BLOODAXE*

REBEL MOON: HOUSE OF THE BLOODAXE is a prequel to the upcoming Netflix film **REBEL MOON: PART ONE – A CHILD OF FIRE**, from director Zack Snyder. How does the narrative of this series tie into the blockbuster?

Well, I spent most of the time developing this story while **REBEL MOON** was still in production, but I had a few good long meetings with Zack to talk about the world of the film, about its politics, its religions, its structure, its history, and so forth. There's so much detail to mine, so much to work off. The main thing **HOUSE OF THE BLOODAXE** does within the franchise is provide critical backstory for the characters of Darrian and Devra Bloodaxe. Zack wanted something that told us who they are and where they come from. I had immense leeway to build it up the way I wanted as long as it ends with Devra and Darrian poised to pick up heading into the film.

How did you balance creating a story for **REBEL MOON: HOUSE OF THE BLOODAXE** that stood-out on its own while also linking to the film?

By not worrying about the film. Those events haven't happened yet, and while they have to feed into it, the whole story takes place years before the movie takes place, and Devra and Darrian are both in very different places than they'll be in the movie. I decided really early on I wanted to write a Shakespearean tragedy along the lines of King Lear about a man struggling to keep up with events around him spiralling out of control yet rendered paralyzed by his conflicting loyalties and personal history.

REBEL MOON: HOUSE OF THE BLOODAXE is illustrated by the fantastic Clark Bint. What was it like working with Bint and how does his style bring to the world of **REBEL MOON**?

Clark has been incredible. His landscapes remind me of Moebius, and he absolutely nailed the beautiful violence so trademark to Zack's oeuvre. I try not to get too detailed with my descriptions, to just give the artist what they need to make something work and then let them do what they do best, and Clark's been knocking fastball after fastball over the bleachers. Shasu is a deeply

complicated world with a long and troubled history, a planet that's long resisted any attempt to rule it, and he's given it a very unique kinda vibe. I can't tell you where he's drawing inspiration from; I see Arabic, African, American Indigenous design elements in there, and it's a really powerful contrast to the crisp military uniforms of the Imperium.

Writing a tie-in comic to one of 2023's most anticipated films is no easy task. What drew you to this project?

I think one of the main draws was the challenge. I've spent a lot of the past few years working on a really weird horror novel, so I was already spending less time in my usual mode, so the idea of stepping out and writing something this, I guess, serious was attractive to me, and it was an opportunity to work with Zack Snyder which is honestly just kind of mind blowing? Zack's awesome, by the way? Just a big enthusiastic kid excited about his toys and it's so infectious, but he's not precious about them, either. He pushed me to take big swings, to make bold choices, to not be afraid to do something with consequences.

GREG PAK BRINGS READERS BACK TO THE ISLANDS WITH A NEW ADVENTURE FOR LILO & STITCH!

Greg, what history or memories do you have with the classic original *Lilo & Stitch* film?

The *Lilo & Stitch* movie blew my mind back in the day with its gorgeous, organic animation and its hugely fun sci-fi elements. But above all else, I loved its focus on the everyday struggles of an incredibly relatable family on the edge and a little girl and a little monster who somehow manage to save each other. Big genre elements, underdog heroes, and massive heart? That hits all my buttons.

Stitch is such a chaotic character, yet so lovable. He also has a somewhat unique grasp on speech. How has it been writing him?

This is an ongoing, fun challenge! Working in comics has given me lots of experience writing evocative sound effects, and much of Stitch's speech works like sound effects. But towards the end of the movie, he begins to speak in English at key points. The key is to figure out when actual words make sense for Stitch, and to make the most of them. When a character speaks very little, every line takes on added meaning. It's a bit like writing poetry, which sounds

like a strange thing to say with regard to Experiment 626, but I love it.

Everyone's favorite experiment was surrounded by a bunch of fun characters, even beyond the co-titular Lilo. There is her older sister Nani, Nani's boyfriend David, as well as Stitch's creator Dr. Jumba, Agent Pleakley, and even more. Can fans expect to see some of these characters in the new stories?

The big theme of the first movie was family, with Stitch finding his 'ohana with Lilo and Nani. So yes, even as Stitch heads across the world, his extended found family and the values they've shared with Stitch will play a key role in this new series.

Once again aliens will be making their way to small-town Hawai'i in search of 626. Why can't everyone just leave the little fellow alone? What's going down this time?

Interestingly, it's not about what Stitch has done; it's about what these new antagonists think they can get from him. I don't want to say too much for fear of spoilers, but even though Stitch is learning

to moderate his most destructive impulses with his family in Hawaii, he was originally built by Dr. Jumba to wreak chaos. This new enemy wants some of that action, so it's determined to capture Stitch to try to reverse-engineer that secret code for destruction.

Artist Giulia Giacomino, who hails from superstar Mirka Andolfo's Arancia Studio, will be making her major interior art debut with this series (though she did contribute to coloring on several issues of our

Disney debut series, *Gargoyles*). How has it been seeing her bring your scripts to life and drawing the wonderfully cute and kinetic Stitch?

We're in the early days as I write this, but Giulia's sample pages and character designs are absolutely stunning, with pitch perfect characterization, fluid lines, and gorgeous action. I think she's going to blow everyone away.

Acclaimed author and *Gargoyles* creator GREG WEISMAN is joined by artist PASQUALE QUALANO for an all-new chapter in the ongoing *Gargoyles* saga — and the stakes have never been higher for the Manhattan Clan!

Thwarted in her earlier attempt to gain control of the ancient magical artifacts known as the Original Keys to Power, the evil DEMONA has set her sights on three New Keys that will give her the ability to make any human in her vicinity into her willing puppet. All that stands between Demona and world domination are Goliath and the Manhattan Clan. But despite their best efforts, Demona always seems to be a step ahead, gathering one Key after another. And once she has them all, the entire human race had better beware!

JOIN GREG WEISMAN ON THE NEXT EPIC QUEST FOR THE GARGOYLES!

Greg, at the end of this year (2023) we'll be seeing the conclusions of both the initial flagship *Gargoyles* title and the *Dark Ages* companion series. We will also have graphic novels coming out for fans to add to their shelves and/or catch up, while they can also check with their retailers for back issues. But for those who want to jump right in and follow this *Quest*, what do you feel are the key points to know?

The single biggest thing to remember is that Demona is on a quest (see where we got the title?) to gather and utilize the "Three New Keys to Power." Back in the animated series, the Archmage brought the Three Original Keys together and nearly conquered both Avalon and the World. Imagine what his former apprentice Demona could do with the New Keys!

Demona has such a complicated history with the Manhattan Clan, as the former beloved and partner of Goliath, mother of Angela, and a friend and ally to the rest. Readers got to see some of those old dynamics in *Dark Ages*, and then see her much-anticipated return in *Gargoyles #7* and beyond. What really motivates her to still be in

opposition to her former family and sets her on this latest path?

Let's be honest: Demona could REALLY use some serious therapy. She has issues over feeling powerless going all the way back to her abduction (in *Gargoyles: Dark Ages* #2-3) by King Cullen. Add in her own massive guilt over the Wyvern Massacre (from the series' original pilot episodes) and an ocean of denial (demonstrated over and over again), and she just isn't capable of slowing down, let alone stopping. Demona is her own worst enemy, of course. But she's also ridiculously smart, amazingly capable, and downright deadly as an enemy. And since she considers the entire human race to be her enemy, we had all better watch out.

The titular quest is really hers, as she's after the Keys to Power — but these are actually the New Keys to Power. For longtime fans and those who have gotten the chance to watch the incredible original show in modern times, this is a really rewarding callback to story arcs from the animated series — in particular, the original Keys to Power are seen in the "Avalon" trilogy arc and others. Can you touch on some

of these connections?

Sure. The original Keys were the Phoenix Gate (allowing the user to traverse space and time with a thought and a brief spell), the Eye of Odin (which granted power and insight to its wearer) and the *Grimorum Arcanorum* (a magic book with hundreds of dangerous mystic spells). But the *Grimorum* was destroyed — literally eaten — by the Archmage before it combusted, and the Gate disintegrated, releasing the actual time-traveling Phoenix trapped inside it, while the Eye was returned to Odin, who stuck it back in his head. So, gathering the original Keys is quite impossible now. But nature abhors a vacuum, and the power that the Original Keys possessed has since flowed into the three New Keys — i.e., three existing magical talismans whose natures and attributes have all been exponentially increased in scope. Bring those New Keys together, and, yep, the world better beware!

Internally, we've been considering *Gargoyles: Quest* as a unique chapter in the ongoing epic that we really don't want fans to miss. As mentioned, our huge initial launch came to a close and you were able to delve into a long-teased flashback arc as well. Both of those have led to *Quest*, and it's going to be one of

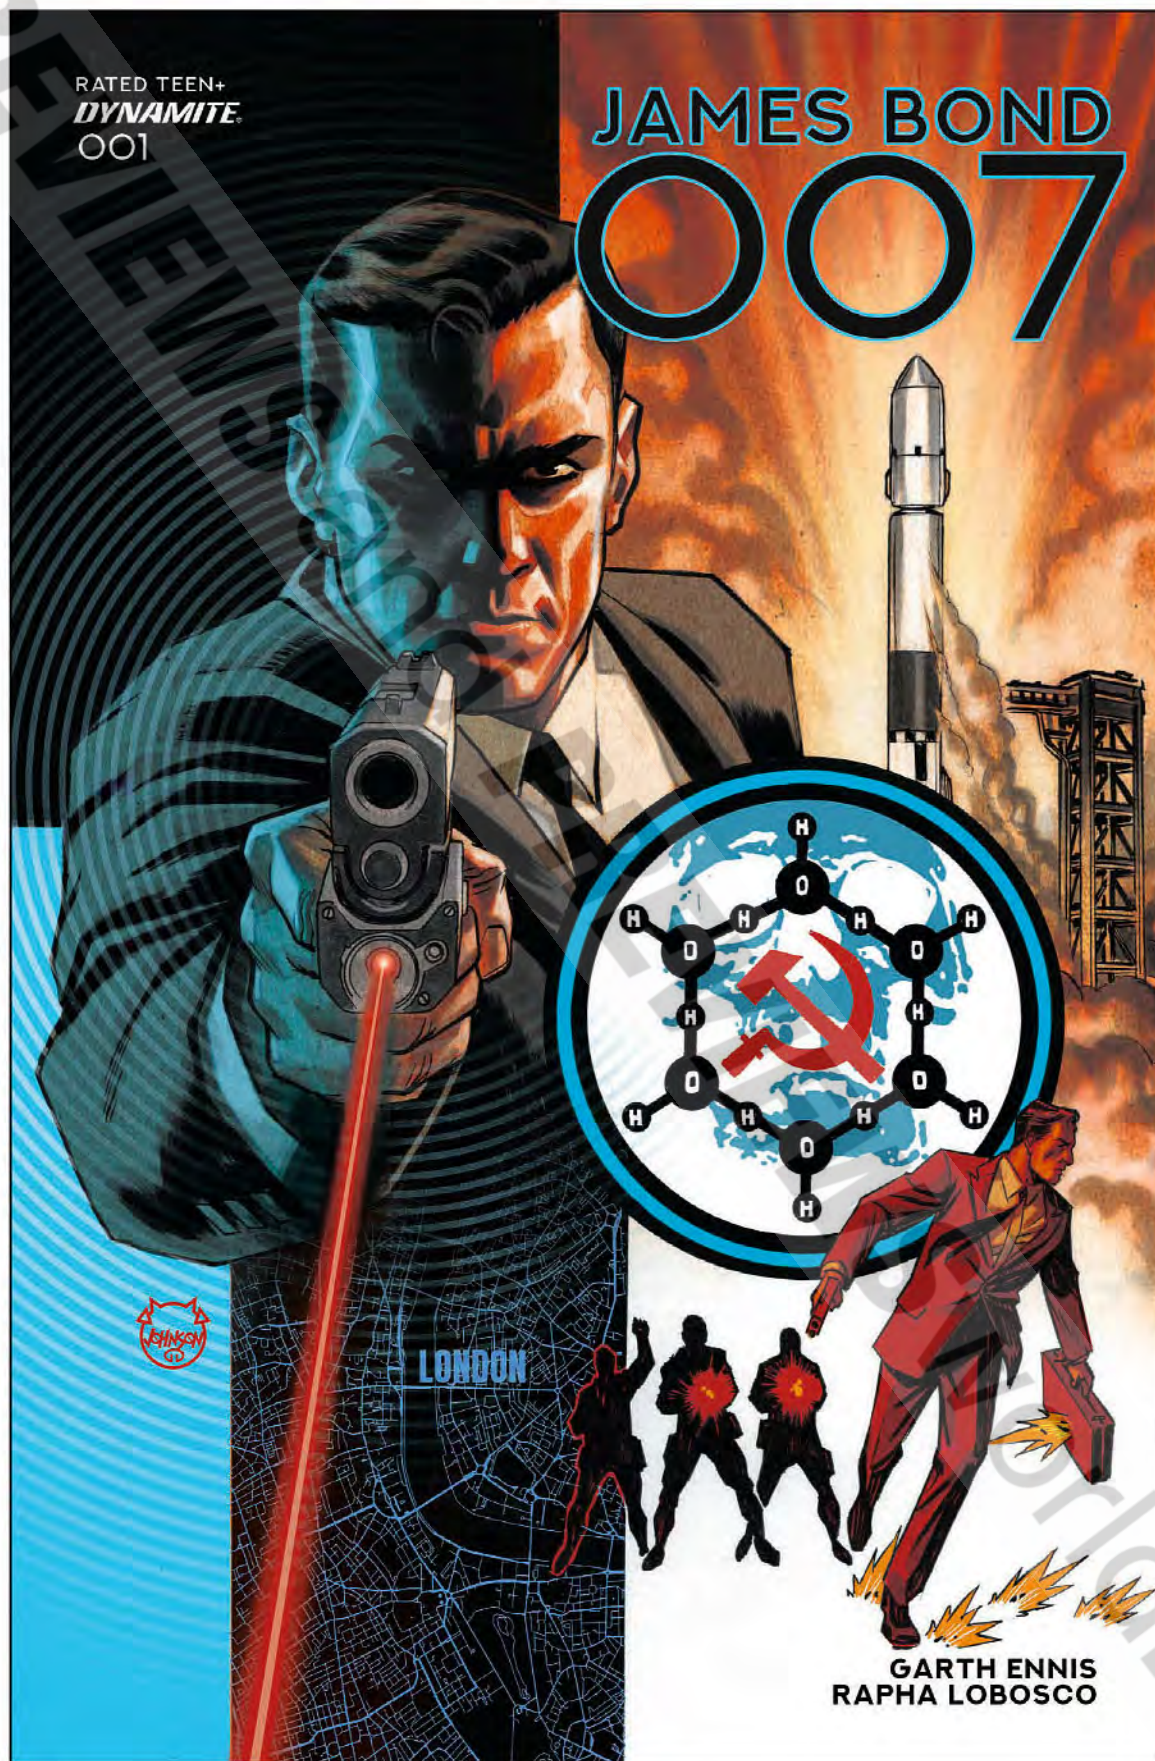

the biggest stories yet. But at the same time, without spoiling things, it is also going to set up even more fun! As we careen toward the official 30th anniversary of the franchise, how excited are you to continue this journey with fans?

As I've been saying since my relationship with Dynamite began, I'm thrilled to be telling stories with these characters in this world again. And this is one of the biggest we've undertaken. By the end of these issues of *Quest*, the Manhattan Clan will have been changed forever, absorbing victories and losses, which leads us right into our next arc of *Gargoyles* stories, already in the planning stages.

MI6 IS ABOUT TO BE SHAKEN AND STIRRED!

Codename: Stalvoda

Translation (from Russian): Steel Water

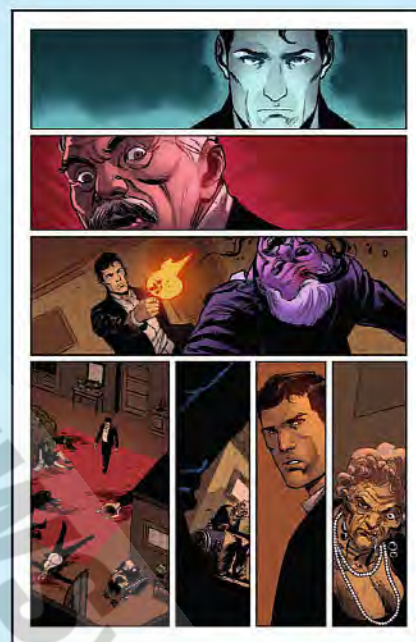

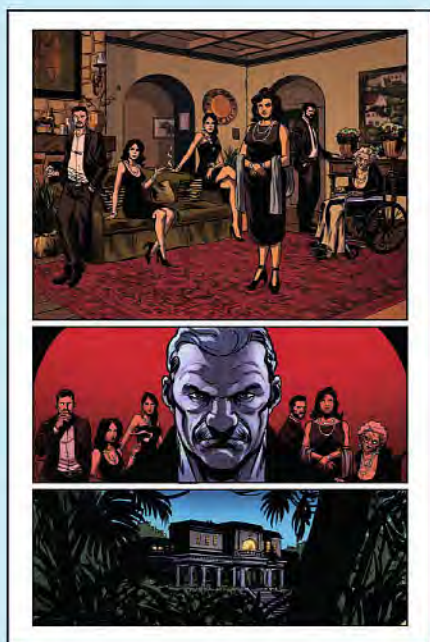

A relic of the Cold War, the deadly compound Stalvoda has a long-buried connection with MI6. So when it mysteriously reappears in disturbing circumstances, the agency naturally assigns its best operative to get to the bottom of things — 007 himself, James Bond.

But Bond isn't the only one to have carried the Double O rank, and with it MI6's secrets. Former agent Archibald Tyron is another, and he's also

carrying a grudge — one that's aimed squarely at the heart of His Majesty's Secret Service!

Legendary comics author GARTH ENNIS (*The Boys*, *Preacher*, *Battlefields*, *The Punisher*) joins artist RAPHA LOBOSCO (*James Bond: Black Box*) and cover artist DAVE JOHNSON (*100 Bullets*, *Superman: Red Son*, *Deadpool*) to bring you Part One of "Your Cold, Cold Heart" — marking the 10-year anniversary of James Bond comics being published at Dynamite!

Interior art for issue #1 by Rapha Lobosco

GARTH ENNIS TAKES ON BOND, JAMES BOND!

Garth, you've chronicled the stories of soldiers and spies many a time, but you've never taken on one of the most famous fictional secret agents of all time. Is James Bond a figure you've ever thought about writing in the past, and what drew you to him now?

Not really until recently. I've been offered Bond before and saw no real appeal — in fact,

I found the character ripe for parody, something I indulged fully in my *Jimmy's Bastards* series. But when I took a look at the Bond of the Fleming novels, as opposed to the larger-than-life figure from the movies, I saw a great deal more potential — a much darker character in a more interesting world.

DARE TO BE **DYNAMITE**®

#DareToBeDynamite | www.DYNAMITE.com

DYNAMITE DEBUT ITEMS

As a native of the Isles, likewise the home of Bond both on and off the page, did he have much of an impact on you growing up or in your life, either through Fleming's writing or the film adaptations? What do you think makes the character so timeless, to be continually featured in media for 70 years running?

Not much. I'd go and see each new movie every few years the way I would Indiana Jones or things from similar franchises, and a few days after seeing them I'd have forgotten much of what I'd seen. There were a few exceptions — I recently found that *The Spy Who Loved Me* held up pretty well, and I enjoyed *Skyfall*, just because for the first time I thought the character was actually fighting for something he cared about. It went beyond the usual mixture of gadgets, glamour, and exotic locales.

As to the character's appeal, I imagine what's gotten him this far down the road continues to propel him forward — to cite the old cliché, men want to be him and women want to **** him.

Followers of your work know you as a history buff who often brings that expertise and passion into your writing. The threads that lead into this story reach back into the Cold War, and even further. Did any particular readings, reflections, or current events inspire some of these connections?

I mention a few things here and there, like the relationship between MI6 and the CIA, and the philosophy adopted by the Soviet Union in opposing the West. But the story is largely fictional; any historical references are largely window dressing. Which is not to say that the (fictional) past doesn't bear heavily on the storyline as it develops.

What inspired me more than anything else was Bond himself; the notion of a guy alternating casual charm with utter ruthlessness as necessary. Ultimately, he's the British establishment's killing machine, and as such extremely interesting.

Bond is not always solo on his missions, surrounded as he is by allies like M, Moneypenny, and others, as well as some memorable enemies. Who can readers expect to see in

this story, and are there any new faces you're awaiting to introduce to everyone?

M, Q, Moneypenny, and Felix Leiter all have roles to play. I particularly enjoyed writing Moneypenny — the comic seems to have drawn on the Naomie Harris incarnation of the character, which suits me fine. There are numerous others, but the question when someone new encounters Bond is generally how long the poor bastard's likely to last. There is one guy, a former MI6 agent called Archie Tryon, whose presence in the story is fairly key.

One aspect that James Bond tales are famous for is how they can differ dramatically in tone, ranging from action sequences featuring jetpacks, shootouts on skis, space walks, and all manner of colorful gadgets to nonsense spycraft and brutal assassinations. How would you describe the way this tale falls in that spectrum?

I'm tending to veer towards the latter. However, there is a bit of malarkey in orbit round about Part Three, and the Stalvoda compound itself has a nicely outrageous feel to it.

Artist Rapha Lobosco is joining you for this project, having previously taken on *James Bond: Black Box* with writer Benjamin Percy, as well as an issue of *The Body*. What does his style bring to the work, and how has the collaboration been so far?

He's very much my sort of artist — nice sense of character and great storyteller.

Strange robots have flooded the streets of St. Canard, and only THE JUSTICE DUCKS can save the day! But even the combined might of STEGMUTT, GIZMODUCK, NEPTUNIA, MORGANA, and (of course) DARKWING DUCK may not be enough to stop the robots' master: THE BOTHERER, who wants to transform innocent people into horrible stone creatures that will enable him to take over the city — and eventually the world!

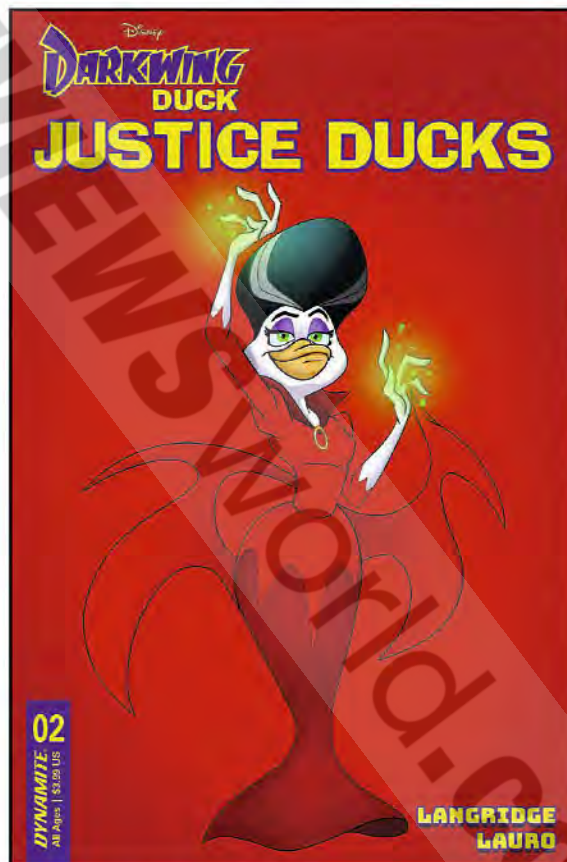

Delineated by Eisner and Harvey Award-winning author ROGER LANGRIDGE and definitive *Darkwing Duck* artist CARLO LAURO, *Justice Ducks* #2 also features arresting cover art from MIRKA ANDOLFO, ROGER LANGRIDGE, FRANCESCO TOMASELLI, and TRISH FORSTNER!

WRITER: (ADAPTED BY) SAMI MAKKONEN

ARTIST: SAMI MAKKONEN

SOFTCOVER | 308 PAGES | COLOR | MATURE

(16 AND UP) | LITERARY ADAPTATION | \$29.99

“The germ of my attempt to write legends of my own to fit my private languages was the tragic tale of the hapless Kullerva in the Finnish Kalevala.”

— J. R. R. TOLKIEN

BEFORE *THE HOBBIT*, *THE LORD OF THE RINGS*, AND *GAME OF THRONES* THERE WAS THE EPIC THAT INSPIRED IT ALL!

A stunning comic adaptation of the epic *The Kalevala*, which inspired J.R.R. Tolkien to write *The Lord of the Rings*. It's *the* foundational epic of the fantasy genre.

The story tells of the adventures and fates of wizard Väinämöinen, warrior Lemminkäinen, blacksmith Ilmarinen and other larger-than-life characters seeking love, riches, and magic in the faraway lands of the ancient North.

This is a bold approach to Kalevala by an established talent — visually powerful and accessible.

Sami Makkonen is bringing Kalevala to a whole different level and emphasizing the elements of horror in Kalevala, which are often left in the background when only the main events of Kalevala are discussed.

Sami Makkonen is internationally renowned. He has received the Sarjas Award for Best Fantasy Comic and has been nominated for a number of other awards, including the Ghastly Awards for horror work. His awards include:

SOFTCOVER | 168 PAGES | COLOR | AGES 8-12 AND UP

FANTASY, ACTION/ADVENTURE | \$14.99

An EPIC FANTASY ADVENTURE For ALL AGES!

It's been 10 years since the men of the village left to fight in The Great War. Ten years since they left the women, children, and the older generation for a conflict far away from home and that they knew almost nothing about, except that it was about the security of their nation, their valley, and their families. Ten years have passed since anyone has had any news of the war...

But the women quickly took charge of village matters. This is how the Order of Shepherdess Warriors was formed, a group of female fighters chosen among the most courageous and acrimonious, to protect not only their flocks, but also the village! Molly is proud to count herself among the Order, but she cannot overcome the dark dangers facing her and her friends by enthusiasm alone.

The strange beast and the witch who controlled it have been subdued, but it is a bitter victory... Molly has been seriously injured. Although she's regained consciousness, a strange evil still gnaws at her. The Shepherdess Warriors make an important decision: they will go to the Deadlands and to learn the origins of the evil that resides there. This may also be their last chance to discover what happened to the men of their village, who left for the front more than ten years ago. A long journey awaits them into the hostile lands of the North...

COMMUTE: ILLUSTRATED MEMOIR OF FEMALE SHAME HC

(W/A) Erin Williams

In *Commute*, we follow author and illustrator Erin Williams on her daily commute to and from work, punctuated by recollections of sexual encounters as well as memories of her battle with alcoholism, addiction, and recovery. As she moves through the world navigating banal, familiar, and sometimes uncomfortable interactions with the familiar-faced strangers she sees daily, Williams weaves together a riveting collection of flashbacks. Williams' recollections highlight the indefinable moments when lines are crossed and a woman must ask herself if the only way to avoid being objectified is to simply cease drawing any attention to her physical being. She delves into the gray space that lives between consent and assault and tenderly explores the complexity of the shame, guilt, vulnerability, and responsibility attached to both. (W/A) Erin Williams

What's Wrong? is author, illustrator, and scientific researcher Erin Williams's graphic exploration of how the American health-care system fails us. Focusing on four raw and complex firsthand accounts, plus Williams's own story, this book examines the consequences of living with interconnected illnesses and conditions like: Immunodeficiency, cancer, endometriosis, alcoholism, severe depression, and PTSD. Western medicine, which intends to cure illness and minimize pain, often causes more loss, abuse, and suffering for those Americans who don't fit within the narrow definition of who the system was built to serve—cis, white, heterosexual men. The book explores the many ways in which those receiving medical care are often overlooked, unseen, and doubted by the very clinicians who are supposed to heal them. (STL294580) (C: 0-1-0)

BLACK CAESARS AND FOXY CLEOPATRAS: A HISTORY OF BLAXPLOITATION

(W) Odie Henderson

In 1971, two films grabbed the movie business, shook it up, and launched a genre that would help define the decade. Melvin Van Peebles's *Sweet Sweetback's Baadasssss Song*, an independently produced film about a male prostitute who beats up cops and gets away, and Gordon Parks's *Shaft*, a studio-financed film with a killer soundtrack, were huge hits, making millions of dollars. *Sweetback* upended cultural expectations by having its Black rebel win in the end, and *Shaft* saved MGM from bankruptcy. The Blaxploitation era was born. Written by film critic Odie Henderson, *Black Caesars and Foxy Cleopatras* is a spirited history of a genre and the movies that he grew up watching, which he loves without irony (but with plenty of self-awareness and humor). The time is right for a reappraisal, understanding these films in the context of the time, and exploring their lasting influence. (STL294582) (C: 0-1-0)

ZIPS AND EELOO MAKE HUMMUS GN

(W) Leila Boukarim (A) Alex Lopez
 Zips and Eeloo are two aliens who think they are experts in all things human, like making hummus! But they aren't exactly the experts they claim to be. Will Zips and Eeloo have hummus after all, or just one big, mushy mess? In this hilarious and colorful graphic novel, readers will learn how to make hummus alongside the two alien friends. They'll clap and cheer as Zips and Eeloo look for a bowl (but get it confused with a bowling ball!), need to go to the grocery store for lemons, and eventually, make some super yummy hummus. This full-color graphic novel also includes a recipe for hummus in the back! (STL294587) (C: 0-1-1)

Written by
Ed Brisson

Illustrated by
C.P. Smith

Cover by
Tim Bradstreet

Crime Noir collides with supernatural horror in this gritty thriller by Ed Brisson (*Old Man Logan*) and C.P. Smith (*Wolverine*). Wyatt, a professional thief living off the grid, is recruited by his brother for one last job. Their target: an armored car traveling down a desolate stretch of California highway. But when it turns out that their target is carrying not gold bars but human cargo, Wyatt is plunged into a conflict between warring factions of a doomsday cult. The cult claims that it is their solemn duty to save the world by means of human sacrifice. Will Wyatt protect the boy who has come into his charge? Or will he be swayed by the cult's increasingly convincing claims that the end of the world is fast approaching?

**CONQUEST:
JULIUS CAESAR'S
GALLIC WAR GN**

(W) Tarek Ben Yakhlef

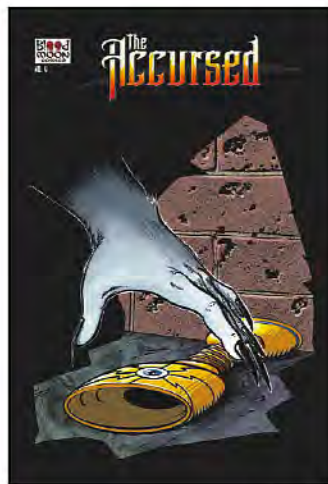

(A) Vincent Pompetti

In 58 BCE, the Helvetii of Gaul leave their homeland, requesting safe passage through Roman territory. Seizing the opportunity to realize his dream of conquering Celtica, Julius Caesar blocks their passage, launching the Gallic War. Over the next six years, with his famous Tenth Legion of elite imperial soldiers under his command, Caesar will lead the Roman Empire's last military campaign leading up to the Roman Civil War. Painted entirely by hand in watercolor, *Conquest: Julius Caesar's Gallic Wars* is an adaptation of one of the major

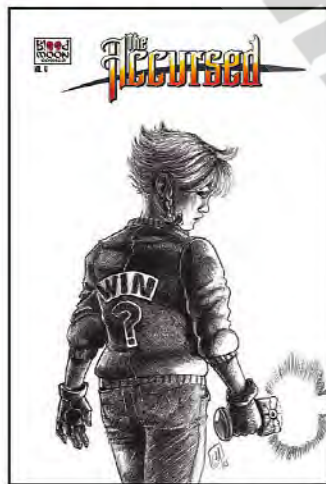

works of humanity, Julius Caesar's *Commentarii de Bello Gallico*, his first-hand account of the military campaign he led to conquer Gaul and expand the Roman Empire. Once his close friend and ally, the Gallic chieftain Vercingetorix is now Caesar's greatest enemy, and the only thing stopping him from conquering Gaul for Rome. (STL292292) (C: 0-I-I)

ILLUSTRATORS SPECIAL #17: TRIGAN EMPIRE ARTISTS

(W) Diego Cordoba (A) Don Lawrence & Various

One of the most fondly remembered British strips was the fully painted *The Rise and Fall of the Trigan Empire*. With its pseudo retro setting in a world resembling Ancient Rome but with the advances of science in its weapons and flying vehicles, it set the standard in boys' comics from the 1960s. But it was mainly the absolutely stunning artwork of its initial artist, Don Lawrence, that made it a fan-favorite. We take a closer look at the artwork and feature panels in detail from the *Various* artists who contributed to the series. The majority of the artwork was scanned from the originals and reproduced at their actual size to see the artwork in all its glorious detail. (STL298113) (C: 0-1-2)

THE INSPECTRES TP

Set in England during the late Victorian era, famed author Arthur Conan Doyle must push aside his skepticism of the supernatural with the emergence of Spring-Heeled Jack, a mysterious phantom of urban legend. This sets in motion the revival of *The InSpectres*, a secret society devoted to the investigation of the occult originally formed by Charles Dickens, and brings together, alongside Doyle, Harry Houdini, Bram Stoker and ten-year-old Agatha Christie to try and save London from a deadly, paranormal event. O/A 1914-1918: THROUGH EYES OF FORTUNINO MATANIA

In August 1914 much of Europe was pitched into a war which would eclipse all others in terms of its industrialised ferocity. In an era where photography and film recording were still in their infancy, much of the news was relayed through the work of reportage artists. Pre-eminent amongst such artists was Fortunino Matania who was *The Sphere's* artist-on-the-spot for events ranging from coronations to colliery disasters. Sent to a variety of fronts to cover the conflict, his illustrations created a gripping and, at times, life-affirming testimony to those traumatic times. For the first time ever, this book collects those images in large format so that they can be viewed as they were intended. (STL213743)

SPAWN TILL YOU DIE: THE FIN ART OF RAY TROLL

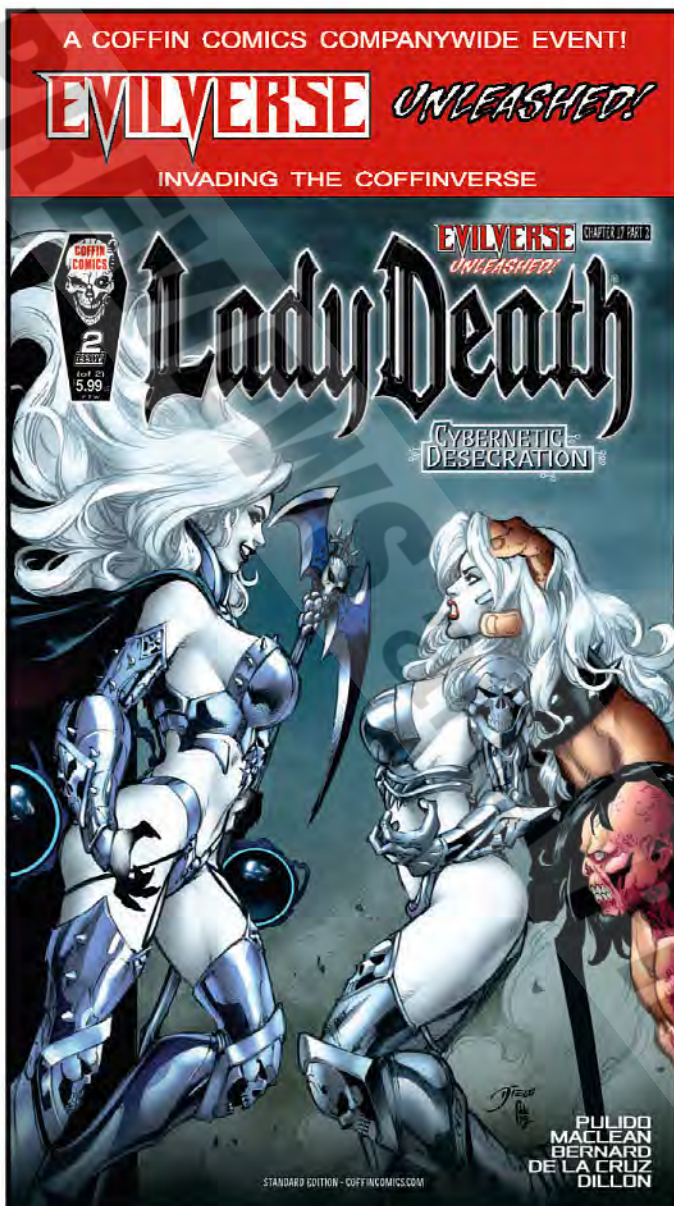

Writer/Artist: **Ray Troll**

Ray Troll's new book *Spawn Till You Die: The Fin Art of Ray Troll* is an exuberant plunge into the fantastic realities of sea creatures and prehistoric animals that come alive with scientific realism and his quirky sense of humor. For more than four decades, this celebrated Alaskan artist has been luring, hooking, and landing fans around the world with his mesmerizing renditions of the inhabitants of Planet Ocean, past and present. His art is featured in the nation's major natural history museums including the Smithsonian, in galleries, and in books, as well as on immensely popular T-shirts. Part natural history adventure and part underground comic, his work depicts beautiful and accurately drawn fish of all kinds, Northwest Coast totems, Freud and Darwin, fossils, resurrections of extinct animals, and much more.

Troll's art is deeply thought provoking (pun intended) but also simply fun to experience and never far from an inside joke he seems to be sharing with everyone. Some of his pieces are amusingly tongue-in-cheek, others are beautifully surrealistic and evocative of the interconnectedness of life on Earth, and his grandly composed major pieces are brilliant, inspiring panoramas of the natural world. His whimsy and attention to detail in his renderings of fish and other aquatic creatures has earned him a devoted following of scientists, anglers, and people who just like a good laugh. Welcome to the fishy, funny, inspiring art of Ray Troll.

NONNONBA GN

(W/A/CA) Shigeru Mizuki

NonNonBa is the definitive work by acclaimed Gekiga-ka Shigeru Mizuki, a poetic memoir detailing his interest in *yokai* (spirit monsters). Within the pages of *NonNonBa*, Mizuki explores the legacy left him by his childhood explorations of the spirit world, explorations encouraged by his grandmother, a grumpy old woman named NonNonBa. *NonNonBa* is a touching work about childhood and growing up, as well as a fascinating portrayal of Japan in a moment of transition. O/A HITLER GN

(W/A/CA) Shigeru Mizuki

Seventy years after his death, Adolf Hitler remains a mystery. With Shigeru Mizuki's *Hitler*, the manga-ka (*Kitaro*, *NonNonBa*, *Showa: A History of Japan*) delves deep into the history books to create an absorbing and eloquent portrait of Hitler's life. Beginning with Hitler's time in Austria as a starving art student and ending with a Germany in ruins, Shigeru Mizuki retraces the path Hitler took in life, coolly examining his charismatic appeal and his calculated political maneuvering. In Mizuki's signature style, which populates incredibly realistic backgrounds with cartoony people, Japan's most famous living cartoonist has created an overview of Hitler's life as fascinating as it is informative. O/A KITARO: JAPAN'S CLASSIC MANGA GN

(W/A/CA) Shigeru Mizuki

Kitaro seems just like any other boy. Of course, he isn't—what with his one eye and jet-powered geta sandals, and the fact that he can shape-shift like a chameleon. It's all a part of being a 350-year-old *yokai*, a Japanese spirit monster. Against a backdrop of photorealistic landscapes, Kitaro and his otherworldly cartoon friends plunge into the depths of the Pacific Ocean and forge the oft-unseen wilds of Japan's countryside. The twelve stories in this special collection include more works published in the golden age of *GeGeGe no Kitaro* between 1967 and 1969. (STL252719)

ONWARD TOWARDS OUR NOBLE DEATHS GN

(W/A/CA) Shigeru Mizuki

Kokopo, 1943. A platoon of soldiers is ordered into battle. The objective is death. The alternative is certain execution as a consequence of survival. Inspired by Eisner Award-winning author Shigeru Mizuki's own mandatory tour of duty as an active combatant in the Imperial Japanese Army, *Onward Towards Our Noble Deaths* portrays a flailing infantry unit on its last legs near the end of the Second World War. RED COLORED ELEGY GN

(W/A/CA) Seiichi Hayashi

Ichiro and Sachiko are young artists, temperamental and discouraged about what life has to offer them. They fall in and out of love, jealous of each other's interests and unchallenged by their careers. A cornerstone of the Japanese underground scene of the 1960s, *Red Colored Elegy* charts their heartache, passions, and bickering with equal tenderness, creating a revelatory portrait of a stormy love affair. This paperback edition features an essay on Hayashi's contributions to contemporary Japanese comics. (STL071952)

Showa: A History of Japan is the Shigeru Mizuki's meticulously researched historical portrait of twentieth-century Japan. These 560-page volumes chart Japan's national history from the decades before World War II through the war, its defeat and occupation, and rebirth alongside the personal stories of the individuals living their lives against this momentous history. With his trusty narrator Rat Man, Mizuki brings history into the realm of the personal, making it palatable, and indeed com-

THE SKY IS BLUE WITH A SINGLE CLOUD GN

The Sky is Blue with a Single Cloud collects the best short stories from Kuniko Tsurita's remarkable career. While the works of her male peers in literary manga are widely reprinted, this formally ambitious and poetic female voice is like none other currently available to an English readership. TONO MONOGATARI GN

(W/A/CA) Shigeru Mizuki
Shigeru Mizuki—Japan's grand master of yokai comics—adapts one of the most important works of supernatural literature into comic book form. The cultural equivalent of Brothers Grimm's fairy tales, *Tono Monogatari* is a defining text of Japanese folklore and one of the country's most important works of literature. This graphic novel was created during the later stage of Mizuki's career, after he had retired from the daily grind of commercial comics to create personal, lasting works of art. (STL173419)

TALES OF THE BIZARRE #3

(W) James Mascia (A) Ann Svart
(CA) Andy Duggan
A brand new anthology series with the best and strangest sci-fi and horror tales we could create. Think about those old B-movies from the classic movie theaters (or stuff you might find playing on the Syfy channel today). The stories that you are going to find in this anthology are both thought provoking and obscure... just how we like them! In this issue, we have three short tales about a man who tries to learn about Remote Viewing, a group of archeologists make the ultimate discovery in an Egyptian tomb, and a mysterious savior who turns out to be the one in need of saving. You think you've read everything about Hollywood? Think Again! And when legendary creator Howard Chaykin is in the director's chair, expect the unexpected.

With its action-packed narrative and exciting new historical setting, Sunshine Patriots is a must-read for fans of the Western genre and anyone interested in the early days of Hollywood and the formation of one of the most important facets of modern American culture. In 2022, acclaimed Italian cartoonist Igort began taking down the testimonies of Ukrainians during the Russian invasion. He turned them into online comics journalism (posted serially on Facebook) and they are collected here for the first time in English. In vignettes that grow ever more horrifying, Igort paints portraits and scenes of ordinary people trying to survive among almost 10,000 civilian deaths. *How War Begins* is an important document of the past, the present, and the future.

FAT COP

By Johnny Ryan

\$29.99 / HC / 192 pgs / Partial color / 9" x 12"

Johnny Ryan returns to his lowbrow roots following his cult classic fantasy series, *Prison Pit*. Ping-ponging his anti-hero through an ever-escalating and cascading series of violent, scatological, and wildly imaginative absurdities, Ryan's brilliance as a visual and verbal gag writer shine on every page of this master class in physical humor and comics storytelling. *Fat Cop* is as hilarious as it is profane, and a welcome return to long-form comics by the cartoonist and animation veteran Johnny Ryan.

SHELL COLLECTION

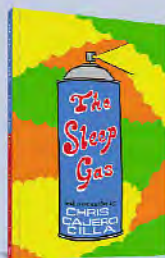

By Ron Regé, Jr.

\$29.99 / SC / 176 pgs / FC / 9" x 11"

Shell Collection is a compendium of comics and drawings from the first 75 issues of Ron Regé, Jr.'s minicomics series, *The Shell of the Self of the Senses*. In 2016, Regé began this monthly, subscription only series, with circa 100 copies or so published from month to month, in an effort to return to his 1990s self-publishing roots. This is the first time any of this work has been collected, with newly added color—*Shell Collection* brilliantly showcases Regé's poetic voice, his deeply humane worldview, and his sui generis visual vocabulary, all of which has made him one of the most distinctive stylists in comics.

HIP HOP: THE BEAT OF
AMERICA GN**

(W/A) Jarrett Williams

In this volume, witness the birth of hip-hop and learn how this musical genre became a cultural revolution. From its humble origins at house parties in the Bronx, where DJs mixed old records to create new sounds, charismatic MCs let their clever lyrics flow, and B-boys and B-girls pioneered inventive dance moves, hip-hop quickly became a musical and cultural revolution. In this volume of *History Comics*, we follow Aaliyah, a hip-hop superfan who is about to get a lesson in all things "old school" courtesy of her dad. The pair take a day trip to the Bronx, where Aaliyah discovers the many unsung heroes who helped create the foundations of hip-hop. (STL297023) (C: 0-1-0)

**THE OVERSTREET COMIC BOOK PRICE GUIDE VOLUME 53**

(W) Robert M. Overstreet (A) Various (CA) Kevin Nowland

The 53rd edition of the Guide celebrates the 60th anniversaries of The Avengers and the storied Justice League of America/Justice Society of America crossovers. It also includes a look at the influential advertising comics of the pioneering R.F. Outcault, creator of The Yellow Kid and Buster Brown, and a spotlight on Frank Frazetta's Death Dealer. The Bible of serious comic book collectors, dealers, and historians since it was first published in 1970, *The Overstreet Comic Book Price Guide* is released each July by Gemstone Publishing. Compiled by founder Robert M. Overstreet with contributions from an extensive roster of Overstreet Advisors, the Guide offers insight into the complex and exciting comic book market. Iron Man, Thor, Giant Man, and The Wasp square off against Namor the Sub-Mariner and the Incredible Hulk as celebrated artist Kevin Nowlan offers an imaginative new take on Jack Kirby's classic image from *The Avengers* #3 for one cover of *The Overstreet Comic Book Price Guide* #53. The other cover this year features Dan Lawlis' take on Frank Frazetta's Death Dealer: with his horned helmet and obscured facial features, the axe-carrying, armor-clad warrior sits atop a horse and permanently looks ready for battle, evoking whole stories from a single image. GRAPHIC MUNDI - PSU PRESS**VANNI: BASED ON FIRSTHAND ACCOUNTS OF THE SRI LANKAN CONFLICT GN**

(W) Benjamin Dix (A) Lindsay Pollock
In the tradition of *Maus* and *Persepolis*, *Vanni* is a graphic novel documenting the human side of the conflict between the Sri Lankan government and the “Tamil Tigers.” Set in the northern region of Sri Lanka, which was devastated by the civil war, this graphic novel follows the Ramachandran family as they flee their home after the 2004 tsunami and move from one displacement camp to the next, seeking an ever-elusive safe haven and struggling to keep each other alive. Inspired by Benjamin Dix's experience working in Sri Lanka for the United Nations during the war, *Vanni* draws on more than four years of meticulous research, official reports, and first-hand interviews with refugees. Elegantly drawn by Lindsay Pollock, it depicts heroic acts of kindness and horrific acts of violence, memorializing the experiences of the Tamil civilians against the forces that seek to erase their memory. K is in trouble for going to school. K is in trouble for staying home. K is in trouble for running an errand, getting sick, or just being thirsty. Whether it's his easily annoyed parents or prickly pedestrians on the street, K gets on everyone's bad side... and he didn't even do anything wrong! BUCK AROUND AND FIND OUT!

AN INTERVIEW WITH RYAN K. LINDSAY, WRITER OF *DEER EDITOR*

Deer Editor follows the exploits of one Bucky, an editor on a newspaper crime beat who just happens to be a deer man. What can you tell us about his personality, and what drives him?

Bucky is someone who cares deeply about the story, and the truth behind it. The newspaper he works for is called *The Truth*, and Bucky upholds its name with great fervor. He's incredibly driven to do what he believes is right, though he also believes a good headline is worth bending a few rules to obtain.

Word on the street is that you've coined a new term to describe *Deer Editor*: "Antler Noir." Tell us a little bit about the mystery and themes that define such a tale!

Much like an antler slowly twists and grows into something with many paths and points, so too did Sami Kivela and I want the mystery that Bucky finds himself in to really follow new dangerous paths. Things kick off with political intrigue and a strange John Doe case, and Bucky has no clue what's coming down the pike for him, but he's prepared to meet it head on.

Where in the heck did this wild -- or dare we say it, buck wild -- concept come from?

Bucky came to me so fully formed! I just saw Robert Redford in *All The President's Men*,

but he had a deer head and it just made beautiful sense. The heady mix of anthropomorphic working class man and word play was too good to ignore.

What do you love about Sami Kivela's artwork on this project?

Sami brings the noir vibe perfectly to every panel. He knows when to drop into silhouette, or throw in an angle, or let the heavy snowfall come down amongst a moody scene. His work on this comic has been my benchmark for collaboration for a very long time. Sami can draw anything and everything, but I do love the way he populates his crime stories with the most unique and bloody awesome character designs. Moustache Bro is worth waiting for in #3.

Without giving away too many spoilers, what journey can readers expect to take alongside Bucky as the story progresses?

Honestly, it starts quick out the gate, but you will not believe the turns we have on this one: the political intrigue runs deeper and longer than you can imagine, the role of Sub-Editor goes through some interesting changes, and in the end Bucky will need to learn just as much about himself as he does this mystery and his town, too.

ROHAN AT THE LOUVRE HC (NEW PRINTING)

(W/A) Hirohiko Araki

By the bestselling author of *JoJo's Bizarre Adventure*, now a live-action film on Amazon! A character in that series, Rohan Kishibe, a young mangaka, meets a beautiful mysterious young woman with a dramatic story. Seeing him draw, she tells him of a cursed 200 year old painting using the blackest ink ever known from a 1,000-year old tree the painter had brought down without approval from the Emperor who had him executed for doing so. The painting meanwhile had been saved from destruction by a curator of the Louvre. Rohan forgets this story as he becomes famous but ten years later, visiting Paris, he takes the occasion to try and locate the painting. Little does he know how violently powerful the curse of it is until he has the museum unearth it from deep within its archival bowels... (STL266851) (C: 0-1-0)

GOLDEN AGE CLASSICS: THE SPIRIT VOLUME 2 HC

(W) Will Eisner (A) Will Eisner, Lou Fine (CA) Will Eisner
The Spirit is a fictional masked crime fighter created by cartoonist Will Eisner, who fights crime with the blessing of the city's police commissioner Dolan, an old friend. Despite the Spirit's origin as detective/criminologist Denny Colt, his real identity was rarely referred to after his first appearance, and for all intents and purposes he was simply "The Spirit." The stories are presented in a wide variety of styles, from straight forward crime drama and noir to lighthearted adventure, from mystery and horror to comedy and love stories, often with hybrid elements that twisted genre and reader expectations. Comic book stories from the 1940s and 1950s may depict some ethnic and racial prejudices that were once commonplace in American culture. Such depictions were wrong then and are wrong today. While not representing the publisher's view of today's society, these stories are printed as they were originally created, because to do otherwise would be the same as claiming these prejudices never existed. Collects *The Spirit* #5-8 (Summer 1946-Spring 1947). (STL297172) (C: 0-1-2)

GOLDEN AGE FIGHT COMICS FEATURING TIGER GIRL SOFTEE VOLUME 1 SC

(A) Robert Webb & Various

The Tiger Girl, created by Robert Webb, was also known as Princess Vishnu. She was brought from India to Africa by her father Rajah Vishnu, after the death of her Irish mother. She was an excellent leader and pretty good in a fight, especially when she used her whip and her tiger ring, which gave her added strength when she looked at it and was accompanied by her companions: Benzali, a tiger, and Abdola, an Indian man. She protected her lost civilization from outsiders and others who meant harm. House artists Joe Doolin and Maurice Whitman produced a number of memorable Tiger Girl covers starting with *Fight Comics* #49 replacing Señorita Rio and staying on the cover until her very last appearance in *Fight Comics* #81. She ultimately became one of Fiction House's longest-lived characters; her stories continued to be published for over a decade until the company ceased operations in 1954. PRE CODE CLASSICS: TALES OF HORROR SOFTEE VOLUME 1 SC

(A) Myron Fass & Various

Toby Press was a small but respectable comics publisher, which also used the imprint Minoan; they put out one issue of *Tales of Terror*, then got hit by a cease-and-desist order from E.C., which used that title for their annuals (don't worry we'll bring you that particular issue later on). Toby dropped that and started over with *Tales of Horror*, which ran for 13 issues. Toby may be the only comics publisher to swipe the urbane and cynical stories of John Collier, rather than relying on Poe, Lovecraft, and the like. LUNA AND A SPECIAL NIGHT GN

(W/A) Emanuela Milleri
Luna and a Special Night is a celebration of art and imagination exploring how the love of art can be passed from generation to generation. The story follows Luna during three different phases of her life: as a child, a young woman, and then a grandmother. As a young woman, Luna and her older sister Jeanne are vacationing in Nice in the 1930s. They hear beautiful violin music, which inspires them to go to the beach and paint together. Luna doesn't realize that the musician is an artist she met as a child. Flashing back about 20 years, the sisters are together at a museum. While her sister takes part in a fine arts lesson, the five-year-old Luna sits next to an artist, Stéphane, who is drawing a picture of the "Night." He hands her another notebook so that she can also draw the beautiful statue. Luna and Stéphane have a vision of her drawing magically coming to life. This forever changes the trajectory of the artist's career. (STL297233) (C: 0-1-0)

**ZODIAC: A GRAPHIC MEMOIR GN**(W) Ai Weiwei, Elettra Stamboulis
(A) Gianluca Costantini

As a child living in exile during the Cultural Revolution, Ai Weiwei often found himself with nothing to read but government-approved comic books. Although they were restricted by the confines of political propaganda, Ai Weiwei was struck by the artists' ability to express their thoughts on art and humanity through graphic storytelling. Now, decades later, Ai Weiwei and Italian comic artist Gianluca Costantini present *Zodiac*, Ai Weiwei's first graphic memoir. Inspired by the twelve signs of the Chinese zodiac and their associated human characteristics, Ai Weiwei masterfully interweaves ancient Chinese folklore with stories of his life,

family, and career. The narrative shifts back and forth through the years—once in the past, present, and future—mirroring memory and our relationship to time. As readers delve deeper into the beautifully illustrated pages of *Zodiac*, they will find not only a personal history of Ai Weiwei and an examination of the sociopolitical climate in which he makes his art, but a philosophical exploration of what it means to find oneself through art and freedom of expression. **IT ROSE FROM THE TOMB: THE 20TH CENTURY'S BEST HORROR COMICS SC**

Rising from the depths of history comes an all-new examination of the 20th Century's best horror comics, written by Peter Norman-ton (editor of *From The Tomb*, the UK's preeminent magazine on the genre). From the pulps and seminal horror comics of the 1940s,

through ones they tried to ban in the 1950s, this tome explores how the genre survived the introduction of the Comics Code, before making its terrifying return during the 1960s and 1970s. Come face-to-face with the early days of ACG's alarming line, every horror comic from June 1953, hypodermic horrors, DC's Gothic romance comics, Marvel's Giant-Size terrors, Skywald and Warren's chillers, and Atlas Seaboard's shocking magazines. The full-color opus exhumes Bernie Wrightson's darkest constructs, plus artwork by Frank Frazetta, Neal Adams, Mike Kaluta, Steve Ditko, Matt Fox, Warren Kremer, Lee Elias, Bill Everett, Russ Heath, The Gurch, and many more! **AMERICAN COMIC BOOK CHRONICLES: 1940-44 HC**

It was a time when America's entry into World War II was presaged by the arrival of such patriotic do-gooders as Will Eisner's Uncle Sam, Harry Shorten and Irv Novick's The Shield, and Joe Simon and Jack Kirby's Captain America. It was when teenage culture found expression in a fumbling red-haired high school student named Archie Andrews. But most of all, the first five years of the 1940s was the age of the "packagers" when studios headed by men like Harry A. Chesler, Will Eisner, and Jerry Iger churned out material for a plethora of new comic book companies that published the entire gamut of genres, from funny animal stories to crime tales to jungle sagas to science-fiction adventures. **O/A THE CHILLINGLY WEIRD ART OF MATT FOX HC**

(W) Roger Hill (A) Matt Fox
Matt Fox (1906-1988) first gained notoriety for his jarring cover paintings on the pulp magazine *Weird Tales* from 1943 to 1951. His almost primitive artistry encompassed ghouls, demons, and grotesqueries of all types, evoking a disquieting horror vibe that no one since has ever matched. Fox suffered with chronic pain throughout his life, and that anguish permeated his classic 1950s cover illustrations and his lone story for *Chilling Tales*, putting them at the top of all pre-code horror comic enthusiasts' want lists. Comic art historian Roger Hill tells Fox's life story, through an informative biographical essay, augmented with an insightful introduction by *From The Tomb* editor Peter Norman-ton. This full-color or hardcover also showcases his *Weird Tales* covers and interior illustrations, and a special Atlas Comics gallery with examples of his inking over Gil Kane, Larry Lieber, and others. After being relegated to the realm of children's literature for the first 25 years of its history, the comic book industry experienced an unexpected flowering in the early 1960s. A celebration of that emergence, *Marvel Comics in the 1960s: An Issue-by-Issue Field Guide to a Pop Culture Phenomenon* takes the reader from the legendary company's first fumbling beginnings as helmed by savvy editor/writer Stan Lee (aided by such artists as Jack Kirby and Steve Ditko), to the full maturity of its wild, colorful, offbeat grandiosity. **MANGA: A HISTORY OF MANGA HC (NEW PRINTING)**

Manga is a form of Japanese narrative art that has grown over the centuries to become a global phenomenon in the post-World War II era. Initially referring to graphic novels and comics, manga has expanded beyond its original forms to include animation, fashion, and new media. Arranged into six thematic chapters, each opening with an essay, followed by interviews and art selections, this revealing study traces the origins of manga and explores its role in society, and its appearance in different media, from video games to street art, as well as its growing international reach. GRAND ADMIRAL THRAWN JUDGES GENTLE GIANT'S LEGENDS IN 3-DIMENSIONS BUST TO BE "ARTFULLY DONE"

A new Imperial power rises in the chaos of the galaxy following the Empire's fall in Disney+'s new series, *Star Wars: Ahsoka*, and that power — Grand Admiral Thrawn — comes to life with Gentle Giant's new *Legends in 3-Dimensions* bust.

Spinning out of the finale of *Star Wars: Rebels*, in which the Purgill carried Thrawn's flagship out into uncharted space, the Imperial warlord returns to a galaxy far, far away after the fall of Palpatine's empire with a force of Night Troopers at his command in *Star Wars: Ahsoka*. A fan-favorite character since his creation by novelist Timothy Zahn in 1991's *Heir to the Empire*, the Gentle Giant *Star Wars Ahsoka: Grand Admiral Thrawn Legends in 3-Dimensions 1/2-Scale Bust* depicts the Chiss admiral, portrayed by Lars Mikkelsen, in a 10-inch tall piece that sits atop a base of the command tower of his Star Destroyer, the *Chimeara*. Limited to 1,000 pieces, no *Star Wars* fan will want to miss the opportunity to add this master strategist to their collection!

(W) Crystal Frasier & Various

(A) Wayne Reynolds

Leap into sword and sorcery RPG adventures with the *Fantasy AGE Core Rulebook*! Powered by the popular Adventure Game Engine (also used in *The Expanse*, *Modern AGE*, and *Blue Rose* RPGs), *Fantasy AGE* is easy to learn and a fun to play. Character creation is simple: pick an ancestry, pick a class (mage, rogue, warrior, or envoy), pick a specialization (duelist, diplomat, pirate, sword mage, and more), and jump into the action. The heart of the game is the stunt system, which brings dynamism and drama to the table. Roll doubles on 3d6 to pull off heroic maneuvers in combat, cast mightier spells, perform amazing feats of physical and mental prowess, or even cut a rival down to size with a few clever words. The *Fantasy AGE Core Rulebook* gives you everything you need to play, from special talents and arcane magic to practical Game Master advice and challenging monsters. Start your adventures in Breakwater Bay and experience the *Stranger Shores* campaign setting. Set sail for the legendary city of Freeport or tempt fate by going deeper into the mist-shrouded seas. ATTACK ON TITAN: THE LAST STAND BOARD GAME

Everything has led to this moment. Titans have broken through Wall Maria and are heading to the supply depot in the Trost District. If the depot falls, all the resources needed to fight the Titans will be destroyed. If that happens the last few survivors are sure to lose all hope. So it's up to you and your team to fend and kill the Titans before they can reach the depot! Are you ready to take a stand and save humanity? Play as your favorite *Attack on Titan* character, or as the Titan itself. Protect yourself and the castle walls to save the day. Positioning is key. The Titan and the castle walls create a vertical playing field, so move your character up and down as needed to avoid attacks, or strategically position yourself to land a devastating blow. Your goal is to weaken the Titan so that it can be killed. But be warned—the Titan has many tricks up its sleeve, so stay alert! (STL281344) Item has been previously solicited in *New to Order*. QUEERZ! RPG

In *QUEERZ!*, you will take on the role of someone blessed with magical powers. Specifically, you are "Queerz," and your powers come from the Rainbow Empathy—a magical force that empowers and embodies ideals of humanity, compassion, joy, and wisdom, offering those who can wield it unimaginable power that sparks from their love. Queerz are tethered to it by their Runway, a unique and personal pursuit that they are passionate about and through which they can inspire others. Against them stand super-powered individuals of a different kind, an army of villains fueled by ignorance, a rigid glass-like substance made of negative feelings and hateful, constricted worldviews that stem from one's deep pain, the Ignorance Core. Many times these are people close to the Queerz and they can even be Queerz themselves—no one is immune to Ignorance! These so-called Justice Knights are determined to make the world adhere to their constricted image of order, forcing everyone into their twisted idea of justice. In this game, you will show them the Rainbow and melt away their Ignorance, touch their hearts and transform them. (STL298264) Item has been previously solicited in *New to Order*.
